Objective:

I am looking to contribute my customer service skills and problem solving experience towards an IT team in order to facilitate and maintain a streamlined IT department for OSU.

Education:

- **Oregon State University Cascades, Fall 2021 - Present**
 - Freshman in CS with an applied option in Software Engineering
 - Software Engineering, Calculus, and ENGR 100
 - **Lane Community College, 2015-2017**
 - Received Associates Degree, AAOT
 - **Umpqua Community College, 2014-2015**
 - Received Tutor of The Year Award in 2015
-

Work Experience:

- **Post-Production Editor, GMS Media and Advertising, 2018 - Present**
 - Developed clientele projects by providing industry standard audio treatment.
 - Coordinated storyboard narratives to boost clientele's consumer outreach.
 - Drafted business proposals for clients and prospects.
 - **Freelance Editor, 2018 - Present**
 - Deliver industry-standard post-production work for various clientele in the entertainment sector.
 - Consults creative development and advisement for clients' projects.
 - **Salt and Straw, 2018 - 2020**
 - Provided excellent customer service in a highly busy environment.
 - Oversaw inventory orders and organizational projects for the shop.
-

Additional Skills and Projects:

- Fluent in Audio Engineering Software - ProTools, Logic, Ableton Live.
- Avid Brazilian jiu-jitsu practitioner, guitar-player, and reader.
- I love to travel internationally both for leisure and education.
